To HR Department

Dear To HR Department:

I am writing this in response to your job vacant advertised on the Internet seeking a Network Engineer.

I had one and more year experience in Network Engineering because of my previous job as I stated on my Resume, and recently had a training in Cisco Networking plus I passed the CCNA Routing and Switching 200-125 exam.

Working on your company would allow me to implement my skills and initiative in a professional environment with a valuable knowledge that I would bring to this position.

Please take a moment to review my attached resume. I believe I have the qualification you need and I look forward to hearing from you soon.

Sincerely,

A handwritten signature in black ink, appearing to read 'Amirul', written in a cursive style.

Amirul Wiramuda
